Election/Restrictions

Applicant's election of Invention I (claims 2-10, 15 and 18-21) in Paper No. 9 is acknowledged. Because applicant did not distinctly and specifically point out any supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 11-14, 16 and 17, drawn to an invention non-elected without traverse. Accordingly, claims 11-14, 16 and 17 been cancelled.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: claims 11-14, 16 and 17 have been canceled.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the prior art did not teach or suggest a transflective liquid crystal display with a liquid crystal layer having variable thickness; wherein an interlayer insulator layer and columnar spacers are provided where the liquid crystal layer is thinnest, and reflection electrodes are formed on the interlayer insulator layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
